School overview

At Augusta we live our mantra of: Empowered to be my best today. Inspired to be even better tomorrow! We are a Public Private Partnership school that caters for the suburbs of Augustine Heights, Brookwater and a section of Redbank Plains, in Brisbane's fast growing western corridor. At Augusta you will hear our students talking about being shining stars with a plan, rising stars and superstars. These descriptions are part of how our students reflect on their day – their learning, their effort, their goals and themselves. Universal Design for Learning underpins our pedagogical framework. We provide a personalised, precise curriculum, informed by the Australian Curriculum, with an explicit focus on literacy and numeracy. We believe that timely feedback, learning goals and daily opportunities for reflection are an integral part of teaching and learning. Parents are a valued and vital part of our student's education and they are empowered to support their children's learning through a variety of means. We acknowledge and celebrate success at every opportunity which supports and encourages our learning culture. Participation in The Springfield Coalition "Festival of Learning" provided us the opportunity to showcase this learning culture in our community. Our state-of-the-art facilities provide children and staff with a modern, up to date, teaching and learning environment. Teaching and learning at Augusta is about a personalised, precise curriculum that meets the needs of every student every day in classes that are grouped for instructional purposes. The meta-analysis work of John Hattie and the school framework model from Crevola and Hill have informed what we do. Literacy and numeracy are our core business. Our school has been designed to maximise learning in the key areas of English and Mathematics. Students set personal goals about their learning and about their behaviour. We empower students to be an active part of planning and assessing their learning through the use of our learning ladders. Our persistent goal setting inspires children to continue to grow and achieve – 'to be the best me they can be'. Teaching and learning is informed by content descriptors from the Australian Curriculum.. Providing the explicit Lesson Intent and Success Criteria to students, prior to lessons, enables them to tune in and make connections to what they already know. Teachers too are committed to constant growth through collaboration, improvement meetings, SNAPSHOTS (mini improvement reviews executed by and within a cluster of local schools), commitment to and implementation of evidence based frameworks e.g. Age Appropriate Pedagogies and Managing Actual and Potential Aggression (MAPA). Our whole community aims to develop students who are purposeful and motivated, resourceful and knowledgeable, strategic and goal directed.

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	24	24	24
Year 4 – Year 6	25	25	25
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	77	131	86
Long suspensions – 11 to 20 days	1	0	0
Exclusions	0	0	1
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	201,435	222,504	285 533
Water (kL)	14078	9267	16 730

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](http://www.myschool.edu.au/) website.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
